

# Advanced Nursing Topics I\*

**Program Dates:** September 12-14, 2021 (LIVE)

**Program Purpose:** This program aims to enable the learner to expand upon the basic hemophilia management knowledge base, using current literature and best practice review, case study analysis, professional networking, and methods designed to raise nursing care quality for persons with hemophilia treated within the federally recognized U.S. HTC network.

**Target Audience:** Nurses and nurse practitioners who currently are, and have been practicing for at least 2 years in the U.S. HTC network, and wish to gain knowledge and competence of hemophilia management.

## **Learning Objectives:**

Upon completion of this program, learners will be able to:

- Discuss considerations, controversies, and resources in the management of hemophilia in women
- Characterize inhibitor development, risk factors, and treatment methods in different types of hemophilia
- Apply clinical decision-making in individualized prophylactic therapy of persons with hemophilia
- Review FVIII immune tolerance regimens and expected outcomes for persons with hemophilia with FVIII inhibitors
- Enhance foundation knowledge in clinical management of hemophilia with emicizumab
- Survey the rapidly evolving landscape of hemophilia treatment options
- Assess orthopedic challenges and interventions for individuals with hemophilia

## **Accreditation Information**

Continuing nursing education credits will be sought for this program through the University of Nebraska Medical Center College of Nursing Continuing Nursing Education.

The University of Nebraska Medical Center College of Nursing Continuing Nursing Education is accredited with distinction as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

The University of Nebraska Medical Center College of Nursing Continuing Nursing Education has been awarded Accreditation with Distinction, the highest recognition awarded by the American Nurses Credentialing Center's Accreditation Program. This distinction is valid through 2020.
